

# HANSCOM PARK IS GETTING RENOVATED!

How do you use the park?  
What would you like to see improved?  
Better trails, a cool playground,  
more maintenance, an amphitheater?

**Come see some initial concept drawings and  
offer your feedback at the Public Meeting!**

WHEN: OCTOBER 13, 2015 | 6:30<sup>PM</sup>

WHERE: HANSCOM PARK PAVILION  
3212 WOOLWORTH AVE.

This Public Meeting will be hosted by the Omaha Parks Department with support from neighborhood volunteers working on the Hanscom Park Renewal project.

"Hanscom Park Renewal" is a group of residents from the three neighborhoods surrounding the park - Hanscom Park, Ford Birthsite, and Field Club - who have been working with the city since February to collect community input, help design elements of the plan, host fun park events, and raise funds to increase the budget available for the project. Their goal is to assure that residents' priorities are reflected in the final plan.

The city simply can't accomplish everything we hope for the park,  
but together, neighbors can expand what's possible...  
if this project excites you, angers you, or raises your curiosity, get in touch!  
We need your help to make something awesome possible!

Visit the Hanscom Park Renewal website at: [hanscom.weebly.com](http://hanscom.weebly.com)  
or find us on Nextdoor.com & Facebook for answers to some of these questions...

*Why is the park being renovated? When will this be happening?  
What have neighbors asked for? How is it being paid for?  
Will there be bathrooms? How about a skate park?  
Maybe an amphitheater? What can I do?*
